MINI PROJECTS

Gym website (HTML and CSS)

Designed and developed a responsive gym website to provide potential clients with information about services, trainers, and contact details.

3D-box Background (HTML, CSS, JavaScript)

The 3D Box Background Effect project showcases an innovative use of CSS to create a visually dynamic background using a 3D box.

Calculator (HTML, CSS, JavaScript)

Calculator App is a modern and user-friendly web application designed to perform basic arithmetic operations. It provides a clean and intuitive interface for users to input mathematical expressions and obtain accurate calculations instantly.

E-Commerce Website (MERN Stack)

Developed a comprehensive e-commerce platform that allows users to browse products, add items to their cart, and complete purchases. The site features a fully responsive design, secure user authentication, and order management, providing a seamless online shopping experience.
